

GRAPPLES

How they are made....

- They are apples infused with grape juice!
- They are soaked in concord grape juice only & their genetics are not altered in the process.
- There are no additional sugars added - This means that they're still a healthy snack!
- You can tell it's a Grapple by the smell of Grape!
- Looks Like An Apple, but Taste Like a Grape!

Grapes + **Apples** =

GRAPPLES
